The very right to be human is denied every day to hundreds of millions of people **as a result of poverty, the unavailability of basic necessities** such as food, jobs, water and shelter, education, health care and a healthy environment.

FOREWORD

Dear Colleagues, Friends and Fellow Changemakers,

This booklet serves as a special tribute to Nelson Rolihlahla Mandela, the former President of South Africa, affectionately known as Madiba, in recognition of his enduring legacy and untiring fight for the freedom and welfare of humanity. It seeks to draw parallels between his unforgettable call to action speeches and the 2030 Agenda for Sustainable Development and its related Sustainable Development Goals (SDGs) adopted at the United Nations in 2015. The booklet strives to bring to life some of his sayings (before, during and after his 27 years in prison) by matching them with related SDGs as we reach the mid-point for reaching the currently off-track targets for people and planet.

Madiba was the first person to have a day dedicated to honour him by the United Nations General Assembly when it declared 18 July (his birthday) as Nelson Mandela International Day. As aptly noted by the United Nations, the commemoration of Mandela's birthday is "a moment for all to renew with the values that inspired Nelson Mandela. Absolute determination. A deep commitment to justice, human rights and fundamental freedoms. A profound belief in the equality and dignity of every woman and man. A relentless engagement for dialogue and solidarity across all lines and divisions."

The theme for previous and this year's Mandela Day commemoration, "Climate, Food and Solidarity," highlights the pressing challenges of climate change, poverty, and inequality. Through the partnership with the Nelson Mandela Foundation, the UN aims to make meaningful contributions that will leave no one behind including through poverty alleviation, inequality reduction, job creation and entrepreneurship, effective governance, sustainable consumption and production patterns, climate change adaptation and mitigation, waste management, just energy transition, and transformed food systems.

As we reflect on Nelson Mandela's words and actions before, during, and following the 2030 SDG Summit (18-19 September during the UN General Assembly in New York), let us remember the power each of us holds to make a difference, as he aptly said, "it's now in your hands". By embodying Mandela's spirit and aligning our efforts with the SDGs, we can create a more sustainable, just, equitable and inclusive world. Let us honour Nelson Mandela's legacy by translating his words into action and striving for a brighter future for all.

END POVERTY IN ALL ITS FORMS EVERYWHERE

Like slavery and apartheid, poverty is not natural. It is man-made and it can be overcome [...] **overcoming poverty** is not a gesture of charity. It is **an act of justice.**

Nelson Mandela

HOW TO PLAY YOUR PART:

- **Donate what you don't use. Local charities will give your gently used clothes, books, and furniture a new life.**

ENSURE INCLUSIVE AND EQUITABLE QUALITY EDUCATION AND PROMOTE LIFELONG LEARNING OPPORTUNITIES FOR ALL

4 QUALITY
EDUCATION

Education is the great engine of personal development. It is through education that the daughter of a peasant can become a doctor, that the son of a mine worker can become the head of the mine, that a child of farmworkers can become the president of a great nation. It is what we make out of what we have, not what we are given, that separates one person from another.

Nelson Mandela

HOW TO PLAY YOUR PART:

- **Mentor young people.** You can provide tutoring and homework assistance, teach a language or deliver a lesson on Global Goals.
- **Visit your local school and ask what school supplies they need.** Start a school supply drive in your community.
- **If you have the means, sponsor a child's education.**
- **Donate your used books.** The easiest way to give access to knowledge is to donate your used books to someone.

ACHIEVE GENDER EQUALITY AND EMPOWER ALL WOMEN AND GIRLS

5

GENDER
EQUALITY

Freedom cannot be achieved unless
the **women have been emancipated
from all forms of oppression.**

Nelson Mandela

HOW TO PLAY YOUR PART:

- **Be aware of gender stereotypes. Recognize them, avoid them and educate others about them.**
- **Find female mentors/leaders. Ensure that some of your role models or mentors are women.**
- **End all forms of discrimination against all women and girls by treating all people equally regardless of their gender.**
- **Stand up against harassment. Whenever you see or become aware of harassment, whether in the workplace, streets, home or online space, raise your voice against it.**

- Engage your whole community to clean up a local river, seaside or ocean.
- Raise awareness about hygiene issues in your community through social media or word of mouth.

ENSURE ACCESS TO AFFORDABLE, RELIABLE, SUSTAINABLE AND MODERN ENERGY FOR ALL

7 AFFORDABLE AND
CLEAN ENERGY

Though the world has made much progress in the twentieth century, the **lives of much of humanity** is still blighted by **poverty, violence, hunger, disease and environmental damage.**

Nelson Mandela

HOW TO PLAY YOUR PART:

- **Switch off lights that aren't in use – save electricity.**
- **Buy rechargeable electronics. Don't buy or use one-use batteries.**

8 DECENT WORK AND
ECONOMIC GROWTH

for all who live in it.

Nelson Mandela

BUILD RESILIENT INFRASTRUCTURE, PROMOTE INCLUSIVE AND SUSTAINABLE INDUSTRIALIZATION AND FOSTER INNOVATION

9 INDUSTRY, INNOVATION
AND INFRASTRUCTURE

We need help to **build infrastructure** so that Africa can take advantage of trading opportunities and be given a fair chance to **compete in the world economy**.

Nelson Mandela

HOW TO PLAY YOUR PART:

- **Invest in clean and resilient infrastructure. It's the only way to keep workers safe and protect the environment.**
- **Organize or participate in a Think Tank contest. You can foster your and your colleagues' entrepreneurial spirit by organizing a local idea contest and inviting companies or startups to mentor the winners.**
- **Create a hotspot map. There are a variety of public spaces with free Wi-Fi access. By mapping them out in your neighborhood and spreading awareness through social media, flyers or announcements you can help more people access the internet and help bridge the digital divide.**

REDUCE INEQUALITY WITHIN AND AMONG COUNTRIES

As long as **poverty, injustice, and gross inequality** persist in our world, none of us can truly rest.

Nelson Mandela

HOW TO PLAY YOUR PART:

- **Visit local shelters, orphanages or minority community centres and organize a conversation space to discuss the importance of these rights or volunteer there regularly.**
- **Favour companies that are inclusive. Check the lists of the companies that are inclusive for different minorities through employment there or their products.**
- **Support migrants and refugees in your communities. Volunteer at a local refugee camp. Gather or donate the appliances, food, and clothes needed.**

MAKE CITIES AND HUMAN SETTLEMENTS INCLUSIVE, SAFE RESILIENT AND SUSTAINABLE

11 SUSTAINABLE CITIES AND COMMUNITIES

A **fundamental concern for others in our individual and community** lives would go a long way in making the world the better place we so passionately dreamt of.

Nelson Mandela

HOW TO PLAY YOUR PART:

- **Shop, eat, and drink locally. Supporting neighbourhood businesses keeps people employed and circulates money back into your community.**
- **Take advantage of your right to elect the leaders in your local community.**

12 RESPONSIBLE
CONSUMPTION
AND PRODUCTION

A **sustainable future for humankind** depends on a caring **partnership with nature** as much as anything else.

Nelson Mandela

HOW TO PLAY YOUR PART:

- **Choose reusable products. Use an eco-bag for shopping, a reusable water bottle or a cup to reduce your plastic waste.**
- **Be conscious of packaging – the less the better!**
- **Do some research and buy from companies you know have sustainable practices and don't harm the environment.**
- **Buy second-hand whenever you can.**

CONSERVE AND SUSTAINABLY USE THE OCEANS, SEA AND MARINE RESOURCES FOR SUSTAINABLE DEVELOPMENT

14 LIFE BELOW WATER

The **wealth of the oceans** is part of the common heritage of humanity [...] without a regulatory authority or enforceable law, alarming threats to the oceans face us because of such practices as the dumping of toxic wastes, over-fishing or transnational crime like drug trafficking. The **efforts to establish a workable legal order for the oceans must not fail.**

Nelson Mandela

HOW TO PLAY YOUR PART:

- **Reduce waste – much of the waste that we produce on land ends up in the oceans.**
- **Stop using plastic bags: Usage and wrong disposal of plastic is a major cause of marine pollution.**
- **Engage your whole community to clean up a local river, seaside or ocean.**

PROTECT RESTORE AND PROMOTE SUSTAINABLE USE OF TERRESTRIAL ECOSYSTEMS, SUSTAINABLE MANAGE FORESTS, COMBAT DESERTIFICATION, AND HALT AND REVERSE LAND DEGRADATION AND BIODIVERSITY

The **trees and forests were destroyed** exactly because our people were **so dependent upon them as sources of energy**. And in turn, people are today cold and in want of energy for cooking, cleaning and basic comforts because the trees and forests are destroyed.

- **Composting food scraps can reduce climate impact while also recycling nutrients.**
- **Do not use products tested on animals.**
- **Organise your own or join an existing clean-up event to sustain the ecosystem of your local green space.**
